this dreaded enemy. But different men have very all liabilities. hither from went and cruel oppression All their community. epprehensions are about papal influence, and filling our country with the poor of Europe, although every one knows that the power of the Pope, both spillued and temporal, has been on rates.

community.

An effort will of course be made for more banks, to bring down, by competition, the profits of banking in this State to moderate and living process the evening previous. During Sunday rates. the ware for centuries, until His Holivers is. have any need to watch against the machinations banks charged depositors for the expenses it insinuations against him; and that he was too well known in Mariposs, and that if he did make of the kings, anislograls, and money lords of would be a great occommodation. Europe, and especially of Protestant England. have no eyes to see a most mischievous loreign to fluence where some of those sires saw it, viz in Britain-in her foreign policy, in her princely merchants, and in her corrupt and corrupting

whom we welcome to our shores, but to a very different, and, what the world would call, a much It, or sustain its credit in our midet. more remectable quarter; and our know-nothing countrymen will pardon us if we say, that upon this subject we regard Mr. Jefferson as good ou-

more herm than any other nation; and in resci and in war, they here more means of disturbing us internelly. Their merchants established amongst us, the bonds by which our own are chained to their feet, and the banking combinetions interwoven with the whole, have shown the extent of their control, even during a war with ments our finances have experienced during the war. Declering themselves bankrupt, they have been able still to chain the government to a de-pendence on them; and had the war continued, they would have reduced as to the laability to command a single doller. They dared to pro-claim that they would not pay their own ohligations, (banks can always do the same with impnuity whet acting in concert,) yet our government could not venture to avail themselves of this apportunity (nor was it done in the universal bank suspenden in 1887) of sweeping their paper from circulatiou, and substituting their own empanice; our government, I say, have still overawed from e centest with them, end heve even countenenced and strengthened the r influence, by proposing new establishments, (see our banks, whose name is legion,) with authority to swindle yet greater same from our citizens. This is the British (or foreign) influence to which I am an enemy, and which we must subject government, or it will subject us to Britain.

fruits of succombing, in the matter of currency and of bank, to the example and influence of England, and to the dictation of the mercantile, us, who, more then any other, feel and reflect worth looking over. foreign British Influence, it would be well, per-

theraupon he is highly complimanted, at the expense of the President and the Attorney General. said: The bill cught not to be paid, of course, for it was presented by the Union office. GORE TO THE WARS.—Last week a young American engineer of talent and skill, who had successfully served in the navies of England, Russia and the United States, sailed from this port for Europe, in response to tenders mede him by the Emperor of Russia, again to enlist in his service. The offers were of the n-ost ad-vantageons and flattering character. He took with him some fifteen or twenty young men, when he had ealisted as associates, and who for a few months back have heen in training under his experienced and skillful festruction. It is well known that the Emperor has long appreciated American talent, and the now making it available whenever possible.—Boston Telegraph OSITUARY,

Departed this life, on Thursdey evening, itn instaut, four e long end protrected lliness, Mrs. Mark E. Filler, consort of Moses H. Tyler, of Utica, Clark county, Ind., in the 27th sear of her ege.

She was resigned, and exercised much christien etience during ber eickness, end expressed full enfidence in a risen Savionr. She had been e mem-ber of the Presbyterieu church several years, and red an exemplery member up to the time of her delife, she filled her stetion with christian firmness datiful daughter, an affectionate end confiding wife

She left behind her a disconsolete husband and on sughter, and a large circle of acquaintances, reinone, and friends, to moure her loss. Il T'Grooncostle (lud.) papers please copy

The story goes that the Duka was enraged at the unrederous elaughter of his brigade at lukermann, end blamed Lord Ragian for the fearful eacrifice, hed an interview with Lord R., became angry, said some very sharp worde, went aboard a ship, became slok with

grief and rage, and swore that he would go to England. A letter has been torwarded to the New York Times, from London, by some member of the revolutionery committee, doubtless, which gives certain new reasons why Sevestopol has not been taken. It is dated at Balaklava, and is ateled to be from unimpeachable euthority. The first reason given is that thera is no commander-inchief, with full powers invested in his own hands, and that Lord Ragian, Canrobert and the French and English admirsh, cannot agree upon any plan of operations, but act quite independently. The second reason is that there is a real though covert animosity between the Franch and Eag-lish, which is a public secret, and kept dark only

by the cieverness of the commanders. BURSTING OF A MOUNTAIN-PROSPECT OF A VOL-BURSTING OF A MOUNTAIN—PROSPECTOR A VOL.

NOTICE.

NR. SOLOMON'S stay lu Louisville uow heig lim-led 13 Monday, Junuary 25th, and as he will be visit be country for many years, immediata applied on is beointely uccessary.

New Discovery for the Even PECTACLES, &c., ground on the exect priciple of Special Accuracy, by G. SOLOMONS, these rated opticlan, from the improved Speciacle Bus-tetory and London Optical Establishment, No.105 id Bond street, London, established more than accutirry ago.

C. SOLOMONS, the sole inventor of the impraed Speciacles, and various improved Glassos, is no won a professional viet to this place, son damy be consuled at his office, Rsymond & Pation's, Fourth street. It is has had the honor of attending the principal towns of the United Kingdom, where be has exprisenced the most flattering oneographic and having been sernestly solicited to make a visit for a she time, he has the honor of announcing his arrival froi Loudon, with a most splendid assortment of his newlinvented and improved speciacles. Such is the superiority of those ginsses, that persons having inflamous or weak eyes, may instantly be relieved by using thoms, and they possess the property of preserving the precious organ of sight to the most advanced period of life, while they enable both the old and the young to pursue the most inflate employment for any length of time both by day and candle light. As several individuals in the United States have proved their officery, he, with confidence solicits the further favore of the public, which has will ever be proud to acknowledge, assuring those who cattract him with their commenda, that no exertion shall be wanted on his part to meriliater approhation. Added the advantages possessed by him of long practice—the Evo infirmerree, and nuder once of the mest empired to centilate, by which he has anothalmed a thorough knowledge of the diseases of vision, he has in his possession documents from individuals of rank, conveying the highest testimor late of approbation. A PHENOMENON IN MEDICINE Dr. Morse's Invigorating Elixir or Cordial,
A T FTRST the properties attributed to Professor
Morse's invigorating Elixiror Covdial ware deemed
abulons. The public often deceived could not believe
the simple and sublime truths announced by the discovers. But facts, undeniable facts, attested by witnessos of the highest class and character, are now triumphing over all doubts. Incredulity is overshrown
by a mean of testimony which is periocity irresistable.
The killer's remedies, in sitcasses, the deplorable avilathing from misuse or abuse of the vertons organs
hich make up the wonderful machine called man. It
istores to full vigor every delicate function connected
the first prevent of the re-production of human life.
The prevent of the macular frame, or deferent
the prevent of the macular frame, or deferent
to prevent of all the natural appetites, as well
asto higher mental attributes. Re boundful affects
are of confined to ofther sex or to any age. The feebiefts, the ability with the contraction of the production of the state of the

and a higher mental attributes. Its boundfelat affects are it confined to otther sex or to any age. The feeble firt, the stiling wife, the bitless, enervated youth, the torworm man of business, the victim of nervous depastes, the individuals and reing from general debits or from the west work of a single ergan, will find the distribution of the management of the from the use of this language and permanent reflect from the use of this language and permanent reflect from the use of this language and permanent reflect from the use of this language and permanent reflect a complete sind unfailties affected against that terribis mainty. There are may, perhaps, who have so trifled with their constitutes, that they think themselves beyond the reach of machine. Let not even these departs. The bitter deep the fliegase as R exhis, without reference to can receased with not only remove the disorder tasif, but approbation.

Ha will give references to persons in the United

States, who have found the greatest benefit and com-fort from the use of his newly invested and improved

Spectacies.

St. Logis, Nov. 14th, 1853.

Whise we now open for visitors one of the most inviting Schoons to be found in the most of Mr. Schomous' Glasson. I have been under the face salty of using glasses in reading, aspecially at night, and if the mark petter adapted to my difficulty than the second the most of the most inviting Schoons to be found in the most inviting Schoons to be supposed to the most inviting Schoons to the most inviting Schoons to the most inviting Schoons to the most invitation to the most inviting Schoons to the most inviting Schools to the most i Privatue, June 8th, 1833.

I am using a pair of Mr. Solomons? Glasses, and find
them very comfortable. I choerfully add my name to
the number of those who recommend them.

JOB. P. GAZZAJ, M. D.

wranging and conscious; call.

The game af Billiards may be considered one of the most useful, as it is the most fascinating of games. A good eye, a steady hand, judgment and practice, are the requirement for excellence. At ones graceful and unneing, it has its attractions for all clusses of realists. ness is more er less sedeutary, it especially recom-mends itself...firstly, as a relaxation; secondly, for the exercise which accompanies it.

To the invalid and the hypochondriac it is beneficial, at a revea as an platfaction from ucediess if nel in-

New York, June 4th, 1850.

liaving made a trial of Mr. Solomons' Spectacles, and examined the principle on which they are constructed, I have no hesitation in pronounting them superior to any with which I am acquainted, and accordingly can meet cheerfully recommend them to all who need artificiate aid in improving their vision.

(HAS. A. LEE, M. D., Professor of Pathology and Materia Medica, Genera, Buttalo and Bowdoin College.

Looreville, Oct. 23rd, 1834

Mr. Sciomone has furnished mu with my first pair of glasses. They appear to answer the purpose very well, and occasion no tenealness to the eyes when ased. The testimony of other medical gentlemen of experience on the tanter, is very conclusive and firm of these articles.

JOSHE, R. FLINT, Professor of Glasses, Ky. School of Medicine. as it serves as an abstraction from needless if net in-jurious trains of thought; and for the luvalld the ex-ercise is of so gentle a character that it cannot be otherwise than useful. It is a game that at once com-bines pleasure, with benefit. I have made trial, for a short time, of Mr. Solomons' Glasses, and I am much pleased with them; they render vision very distinct, and appear to futigue the eyes less than the glasses i have heretofore used. Those in cost of artificini ald in this respect, will do well to call ou blim.

H. MILLER.

l have this morning examined Mr. Solomons' Glassess; and having, for the last two years, made diseases of the eyes my study. I have no healtency in eaying to those who need gineses, that they will flud them a superior uncels, well adapted to al lages.

Given un. : my haud this 23d day of Oct., 1854.

L. YATEN, M. D.,
Ocullet, Louisville, Ky.

I have examined Mr. Solomous' Chases, and a though I have been asing spectacles for the last si-years, I fied them superior to any I have need so far. Given ander my hand this 29d day of tel. 1834. T. F. ShATIKEY, M. D. Indiana State Stock Money
